Drvenik

DRVENIK MALI je mali otok na Jadranu. Samo je 8 nautičkih milja udaljen od Trogira, ali je vrlo specifičan zbog nedostatka prometa, kristalno čistog mora, mira i tišine. Njegova površina je 3,3 kvadratnih kilometara. Jedino naselje na otoku je istoimeno mjesto Drvenik Mali. Obala je dobro razvedena i more oko otoka je plitko, stoga je pogodan za ribolov. Netaknuta priroda i lijepe plaže te mirno okruženje odlični su za miran i intiman odmor.

U pješčanoj uvali Vela Rina je restoran koji nudi domaća jela i svježe plodove mora. U kolo-vozu je ribarska fešta poznata među stanovnicima s područja Trogira i obližnjih otoka. Otok je okružen plažama tako da možete iznajmiti brod na jedan dan i ići istraživati skrivena mjesta ovog bisera srednje Dalmacije.

Otok nije poznat među turistima tako da nikada nema puno ljudi, a zbog toga je savršen za one koji žele pobjeći od gužve svakodnevnog života i provesti svoj odmor na mjestu gdje vrijeme prolazi sporo okruženi isključivo ljepotom, morem i suncem.
